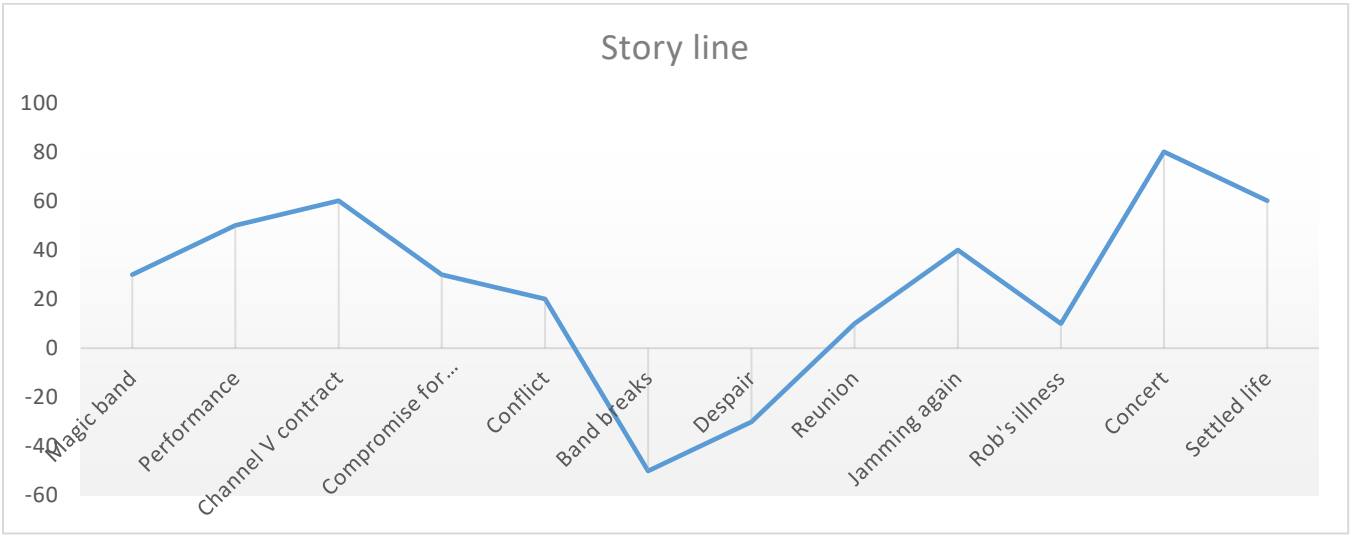
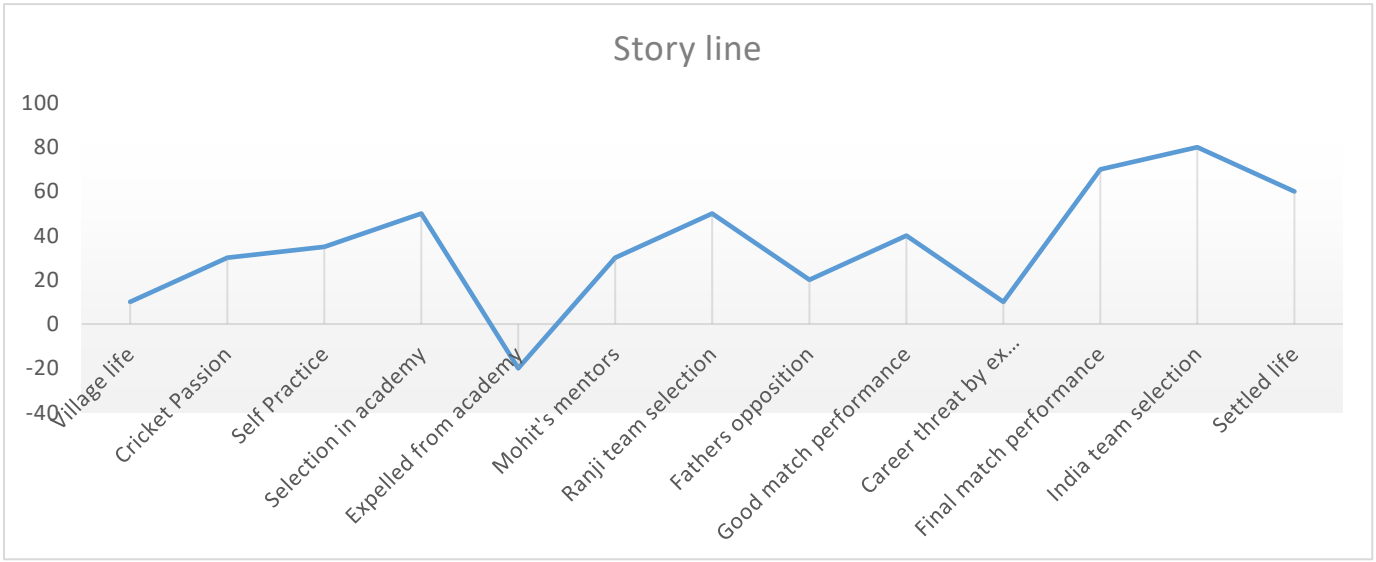
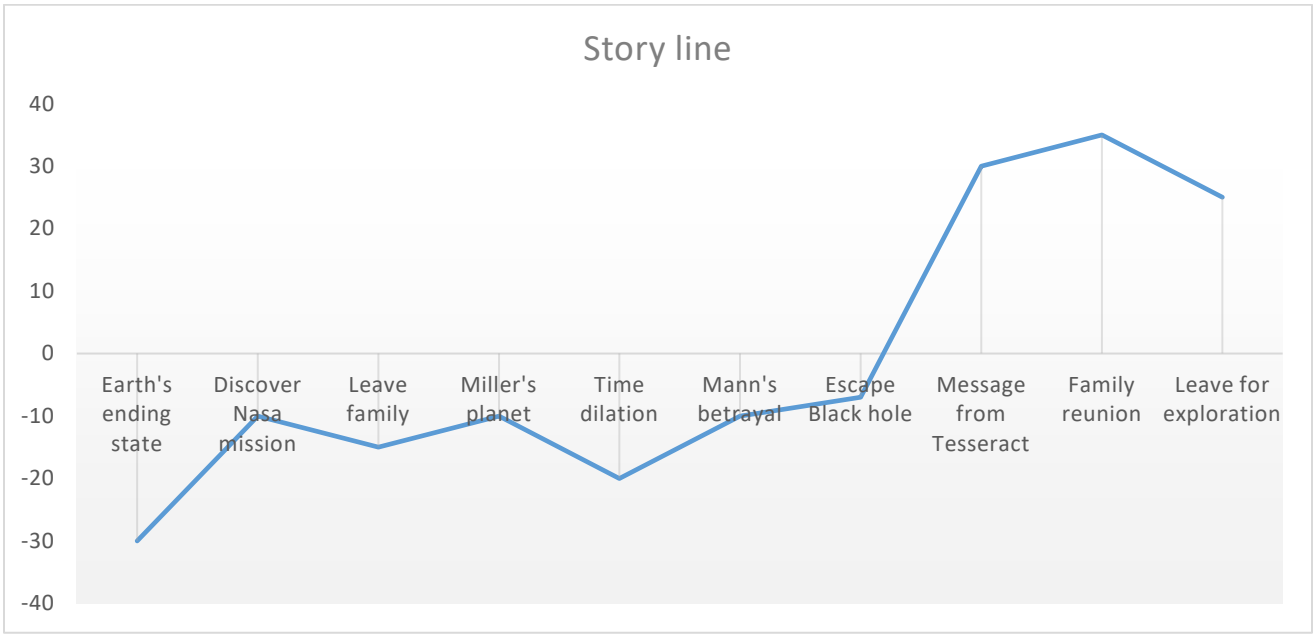
AI Data Storytelling Course - Assignment 1

Movies - Rock On, Iqbal, Interstellar







Common Patterns

1. All 3 movies are about conquering the challenges faced in life and emerging victorious. While Rock On and Iqbal follow hero pattern of going through multiple highs and lows, Interstellar starts with negative state of affairs and slowly moves up. It still follows hero pattern, but from a worse state.
2. Each movie has good supporting members who help the character(s) face the challenge. Aditya's wife helps with the reunion in Rock On, while Iqbal is supported by his mother and ex-cricketer. Cooper is supported by his fellow astronauts and friendly robot in Interstellar.
3. Each movie keeps the audience connected with characters emotions through music.

Character Archetypes
